

## Let's spread some WISDOM from the PAST to help the PRESENT.

Now is the time for a more analytical approach, as the physicist Marie Curie said:

**"Nothing in life is to be feared, it is only to be understood. Now is the time to understand more, so that we may fear less."**

Keeping our calm it is time to create our own unique journey through this tough period and make the best of our time while staying safe at home. We are pleased to announce that we'll take up next week as "SSt project week"

Students are encouraged to come up with some interesting still or working project with the material available at home, the best of these will be shared on facebook.

Sharing some ideas to enrich our history, geography and civics lessons :

1. **Create an Ad For The Seven Wonders of The World:** create an ad or video and explain about any one wonders of the world.
2. You can choose to talk about on any one of the following topics given below
  - Historical monument
  - Major event.
  - Ecosystem
  - Atmosphere
  - River, plateau , Himalayas
  - Lok Sabha ,Rajya Sabha, State assembly
3. **Food Projects:** Older civilizations ate a variety of interesting foods. Find some recipes that are actually doable to make today and share it with us.
4. **Papaer mache globe**  
You can go beyond the suggested topics and your video must be of two minutes only

**Have fun while firing up your learners' imaginations.**
